Instruction regarding Case Study.

1. The learners should write the answer in their own hand written .They should not print or type the answers. The answer should be in the learner's own words and they should not merely copy their answer from the study material sent to them by the university
2. Use A-4 size paper for your responses, write on both sides with margin and tie all the pages carefully.
3. The learners should write the question of the case study
4. The leaners should not copy from the response sheets of other learners. If copying is caught , the case study of such learners will be rejected
5. The response should be complete in all respects .Before submission; the learners should ensure that they have answered all the questions.
6. It is compulsory for the learners to submit response of the cash study through their study centre. so as to reach the university by _____
7. Download & Print the starting page present on our website and attach it with your answer sheet

Guidelines for the Case Study

1. Be a little more selective and analytical. Give attention to your introduction and conclusion. The introduction must offer your brief interpretation of the question and how you propose to develop it.
2. Go through the reading material / books on which they are based. Make some points regarding each question and then rearrange these in a logical order.
3. Once you are satisfied with your answers, you can write down the final version for submission, writing each answer neatly and underline the points you wish to emphasize.
